Summary

A full-stack web developer proficient in JavaScript, HTML, CSS, React.js, Next.js, and Node.js, with expertise in database management using Prisma. Demonstrates the ability to deliver high-quality, scalable web applications and excels in problem-solving and effective collaboration within cross-functional teams.

Education

Ajay Kumar Garg Engineering College Ghaziabad,U.P   2021 - present

Bachelor of Technology in Computer Science and Engineering(Data Science)   **CGPA:** (7.8/10.0)

Projects

Kilogram: 🔗

- Next.js 13, Zustand, Typescript, auto-animate, Node, Express, Socket.io, JWT, Mongodb
- User registration & real-time messaging using websockets..
- Real-time chat application with integrated voice and video calling functionality

thread app: 🔗

- Next.js, MongoDB, Shadcn UI, TailwindCSS, Clerk, Webhooks, Serverless APIs, React Hook Form, Zod, TypeScript
- **Features:** Commenting Feature, Activity Page, Create and Invite to Communities, Data Validation with Zod, Form Management with React Hook Form, Admin-Specific Community Threads, and many more.

connect..: 🔗

- Next.js, TypeScript, Clerk,getstream ,shadcn, Tailwind CSS
- **Features:**New Meeting,Meeting Controls,Exit Meeting,Past Meetings List,View Recorded Meetings,Personal Room,etc

Technical Skills

Languages:	C/C++, Python, SQL, HTML,CSS, JavaScript, TypeScript, Java (Basics)
Libraries:	React,MUI,Shadcn/ui,axiosnext-auth,socket.io,mongoose,redux,jquery
Frameworks & Databases:	Express,Node MongoDB,Prisma,Nextjs
Tools & Technologies:	VS Code, Git/GitHub, Slack, Data Structures,Bitbucket,Gitlab
Coursework:	Data Structures & Algorithms, Database Management System, Operating System, Computer Networks, System Design

Achievements & Activities:

- 3 star in Codechef, max Rating 1775.
- Pupil in Codeforces, max Rating 1311
- Top 8% on Leetcode Worldwide, max Rating 1796. Solved 250+ Problems

Position of Responsibility

SAE (Technical Society):   Nov 2022 - Sept 2023

- Worked as a Developer at SAE, contributing to various projects and initiatives aimed at fostering technological innovation within the college community.
- Coordinating with a team of 45 members to develop multiple projects using React & Node.
